

# RLD

*Richard Le Droff*

## LE SAVOIR FAIRE FRANÇAIS - 1931

Anchored in the spirit of the times and true to its roots, Richard Le Droff pays attention to the aesthetics and finish of its products.

Metallurgy is our craft. Cutting, bending, welding, assembly, painting—the manufacturing process requires a unique know-how.

All of Richard Le Droff's expertise is reflected in creation: the coexistence of technology, forms, and materials, respecting their uniqueness.

This range is aimed at those who see their heating device as a true art of living.

## DESIGN

THINK, CREATE, ADAPT

Design is the art of imagining an object that naturally adapts to its user and environment. It integrates a range of factors such as technology, trends, technical and economic constraints. Like a conductor between worlds, design sits at the crossroads of arts and science.

## DEVELOPE

IMMUTABLE REALITY

Research and development is at the heart of product creation. It is what brings the first prototypes of products to life. True masters of the real world, engineers compete in originality to bring together the idea, technique, and material.

## WOOD STOVES

Our wood stoves evolve in the demanding world of heating systems, defining a constant quest for refinement and unquestionable excellence. They stand as true icons of elegance within the realm of domestic warmth.

Totally aligned with contemporary concerns regarding energy efficiency, our wood stoves stand out primarily due to their exceptional energy performance. Their aesthetic, crafted with the utmost care, propels them to the peak of elegance, seamlessly integrating into any decor, whether contemporary or traditional. These masterpieces captivate a discerning audience in search of the perfect harmony between form and function.

The contemplation of fire through our wood stoves transforms into a rare experience of sophistication, while the level of comfort they provide reaches unparalleled heights. These stoves transcend their role as mere heating devices to become true works of art, elevating the aesthetic character of any room they occupy. They infuse your living space with incomparable prestige, creating a warm and elegant atmosphere that enhances the entire home.

## FIREPLACES AND INSERTS

The carefully crafted range of fireplaces and inserts by Richard Le Droff offers a comprehensive solution for all your projects, whether you're planning new constructions or renovations.

Whether you're replacing an old fireplace unit, equipping an open fireplace, or even creating a new insert, we provide you with a high-performance heating solution perfectly suited to your needs.

Because a high-quality interior is essential for your well-being, we offer a wide selection of formats, styles, materials, and flame viewing experiences, so you can choose the insert that perfectly matches your vision of elegance and comfort.
